

# Butterfly

by Leory F Jackson

Butterfly, butterfly,  
sit on my chin.  
Your wings are like tinsel,  
so yellow and thin.

Butterfly, butterfly,  
give me a kiss.  
If you give me a dozen,  
there's nothing amiss.

Butterfly, butterfly,  
off to the flowers.  
A small, little sprite  
of the long summer hours.
